SUMMARY

Product Manager with 6+ years of experience building high-scale consumer fintech products and digital platforms. Skilled in defining product vision, translating user insights into impactful features, and driving end-to-end delivery with engineering, design, and marketing teams. Strong in data-driven decision-making, experimentation, and simplifying complex workflows to improve user engagement and conversion. Known for strong product instincts, cross-functional collaboration, and delivering customer-centric experiences in fast-paced environments.

WORK EXPERIENCE

INDmoney, Bangalore

Product Manager

May 2025 – Present

- Leading **Catalogue, Trading Experience & Taxation** for US Stocks business, the flagship product of INDmoney, managing end-to-end user journeys for **3 Mn+ registered accounts** on the platform & **USD 2 Bn+ in AUM**, with a **DAU of 300K+** across 3 brokers.
- Scaled the **monthly trading volume by 5x in last 1 year**, owing to features like Extended Hour Trading, Technical Charts and Advanced Order Types
- Key Projects: UCITS via LSE | US IPOs | Fully Paid Securities Lending | Tax Loss Harvesting**

Career Break (Health & Wellness)

Dec 2024 - Apr 2025

- 1700 Kms solo bike trip spanning 20 days across the western ghats
- P3 Solo Paragliding Certification in Bir, Himachal

InCred Finance, Bangalore

Product Manager - II

May 2024 – Nov 2024

- Led InCred's **D2C initiatives for Personal Loans (PL) product**:
 - Built **interoperable web & app user journeys** for personal loans, using **SDUI framework**, to cater to all segments of users, and address key **UI/UX** pain points.
 - Engaged closely with Fraud & Risk analytics teams to build **ML based risk control layers** in the loan journey like - **SMS Scorecard, Behavioral data Scorecard etc.** to deliver industry best NPA numbers.
- Conducted market research & **extensive AB testing** coupled with **100+ user interviews & in-house usability sessions** to deliver best in class user experience on the InCred platform.
- Built **Embedded PL Lending API stack** for **B2B partnerships**, enabling users to complete the entire loan application journey on partner platform, **reducing top-of-the-funnel drop offs by 30%**.
- Formulated the **6-monthly roadmaps for H1 & H2 2024**, delivering ~85% of the planned deliverables for the year.

Product Manager

May 2023 – Apr 2024

- Instrumental in profitably **scaling the PL business from 100 Cr to 450 Cr+ worth disbursements per month**. Key projects:
 - Built Omnichannel PL, an **end to end digital journey** for InCred customers via LSP & DSA partners, decreasing median loan application TAT by 65% (from 3 days to 1 day), entirely from conceptualization to launch
 - Launched SENP product for **Small & Medium Enterprise (SME)** owners looking for credit, constituting **GST & ITR based underwriting**, contributing to **50 Cr+ worth disbursements per month**, in less than 6 months of launch
- Led **Account Aggregator implementation** across PL products, **improving the median income verification TAT by 75%** [from 1.5 hrs to ~20 mins] & decreasing funnel drop-offs from 50% to 35%.
- Collaborated with Business, Marketing, Operations, Compliance & Customer Support to define launch plans, ensure smooth rollout, and monitor adoption and feedback.

Associate Product Manager

Mar 2022 - Apr 2023

- Managed & scaled InCred's **line of credit product (digital wallet) from 5 Cr to 25 Cr**
- Built customizable **KYC module** for small & big ticket personal loans including - **Video-KYC & DigiLocker implementation**, along with **checks like face match & liveness** algorithms for fraud prevention
